

## INDIVIDUAL REHABILITATION

Drawing on a wealth of resources, we help people with disabilities enjoy their greatest possible freedom and independence. Life skills instruction, employment coaching and other individualized services are offered for participants, along with a broad range of assistance for families.

### CAP Services

A full range of Community Alternative Program (CAP) services are available through LCI for people in Lee, Moore and Harnett counties with physical, mental and intellectual/developmental disabilities. Services are provided at no cost to those who are eligible through the North Carolina Division of Mental Health/Developmental Disabilities/Substance Abuse Services.

together

## Day Program

People of varying skills can succeed and advance; sometimes, it just takes some personal assistance. Through LCI's fee-for-service programs, offered daily, clients can develop the essential skills they need.

- Adult Developmental Vocational Program

## Family Services

Success in life always takes some help along the way, and we realize that's especially true for people with disabilities. That's why we also provide assistance for families, primary caregivers and the broader community.
